Buying A New Car

Car Shopping Tips

When it comes to shopping for your next car, knowledge is power. However, the dizzying array of facts and figures on the hundreds of models available can be confusing. Here's some tips on what to look for when you're doing your research. Don't forget to visit www.autobytel.com throughout your shopping process to maximize your research

efforts.

Safety

All vehicles are required to meet minimum safety standards established by the Federal government. However, many now come with additional features you may find attractive. Front-air bags are commonplace, but side- and rear-airbags are a plus for many car shoppers. Other safety features to ask about:

- Anti-lock brake systems (ABS)
- Traction/electronic stability control
- Four wheel/all wheel drive
- Child safety locks
- Child seat anchors/integrated child seats
- Rear seat shoulder harnesses
- Rear seat headrests

Performance

A vehicle's performance is subject to taste, but there are some variables that are easy to compare. Torque and horsepower contribute to acceleration and top speed; if these are important to you, more is definitely better. Engine size also contributes to overall power. For example, a 4.7-liter V-8 with 250 horsepower will generally outperform a 3.2-liter V-6 with 200 horsepower. The tradeoff is fuel economy, with smaller and less powerful engines usually being more fuel-efficient.

Quality

Most vehicles built today are put through rigorous quality processes to ensure satisfaction. However, some vehicles continue to shine in the area of reliability. Reliability reports as well as consumer reviews can provide helpful information in this area. Additionally, carefully compare the warranty offered. Some manufacturers that traditionally have not had a reputation for superior quality offer more aggressive warranties to offset this perception.

Ergonomics

Satisfaction with the bells and whistles offered on a vehicle varies by driver and simple things such as how the air conditioning, radio and windshield wipers work may turn out to be long-term annoyances. A test drive will tell you a lot about how comfortable you are in a vehicle, but don't forget to check

professional and consumers reviews as well. Some aspects of ergonomics take a while before you notice them and hearing from owners who have had the vehicle for a while will prove invaluable. Before you buy, here are some things to check:

- Seat belts
- Cup holders
- Interior lighting
- Hood and trunk releases
- Seat adjustments
- Sound system
- Temperature controls

Making the purchase

Whether you're interested in an economical commuter car or a full-size sport utility vehicle, understanding what to look for will help you find the vehicle that best matches your needs. Once you've narrowed your choices, use the Autobytel purchase request process to receive a no-obligation, up-front quote from a local dealer, as well as a no-hassle test drive. You'll never buy the old fashioned way again.

Advantages Of Using Autobytel

How can Autobytel help me?

Autobytel can help you research and buy your next car, whether you're looking for a new or pre-owned vehicle. "I am very impressed with the deal that I got through Autobytel. I saved several hundred dollars and the company (Nelson Auto Group) really did me right. This was the first time that I have ever bought a new vehicle and felt really good about my deal."

Paul Tischhauser
Columbus, OH

"I just wanted to say thanks for the great service. I am telling all my friends about your service and hopefully they will try you also."

I was contacted by the dealership within one hour and two days later I am driving my new vehicle. I got the price I wanted and the vehicle I wanted and the service I only dreamed about!!!! Thanks again." **Barbara Stout**

Kansas City, MO

"I just wanted to let you know that I worked with Natalie Smith at Honda World and she was fantastic! I purchased my new Honda last Friday and was very pleased with my transactions. I plan to refer all my friends to use Autobytel when purchasing a car and if they are looking at Hondas I would not hesitate to refer them to Natalie. Thank you."
